SUBJECT INDEX

Achilles tendon
  deproteinized hemodialysate in paratendinitis of, 92
  surgical treatment of overuse injuries to, 100
Acromioplasty, open, in chronic shoulder impingement syndrome, 65
Addiction, compulsive athlete and, 39
Adolescent
  anterior knee pain in, 176
  intercondylar notch size and anterior cruciate ligament injuries in, 66
Aerobic exercise
  lactation and, 200
  wheelchair propulsion and, 14
Aging, diet and, 262
Allergy, exercise-induced anaphylaxis and, 55
Amenorrhea, stress fracture and, 136
Anaerobic power, wheelchair propulsion and, 14
Anaerobic threshold, electromyographic threshold relationship to blood lactate accumulation and, 31
Anaphylaxis, exercise-induced, 55
Ankle, sprained, early mobilization versus immobilization in, 201
Arthrography, chondromalacia patella and, 11
Arthroscopy
  in chondromalacia patella, 11
  subacromial decompression versus open acromioplasty, in chronic shoulder impingement syndrome, 65
  in symptomatic synovial plica of knee, 141
Australian College of Sports Physicians News, 74, 147, 216, 286
Australian Sports Medicine Federation, survey on drug use, 151
Autonomic dysreflexia, intentional induction of, 1
Avulsion, of extensor hallucis longus tendon, 133
Axillary vein thrombosis, conservative management of, 192

Back
  low, exercise therapy for pain in, 142
  problems with, gymnastics and, 67
Basketball, conservative management of axillary vein thrombosis and, 192
Bicycle helmet, in prevention of pediatric head injury, 199
Biomechanics, compressive forces as limiting factor of anterior tibial translation and, 233
Body image, compulsive excercise and, 39
Bone, mineral density of, amenorrhea and, 136
Book Reviews
  The Anterior Cruciate Ligament: Current and Future Concepts edited by Douglas W. Jackson, Steven P. Arnoczky, Cyril B. Frank, Timothy M. Simon, and Savio L.-Y. Woo, 204
  Exercise, Heat and Thermoregulation edited by Carl V. Gisolfi, David R. Lamb, and Ethan R. Nadel, 144
  Exercise Testing and Exercise Prescription for Special Cases: Theoretical Basis and Clinical Application by James S. Skinner, 203
  Hypoxia and Mountain Medicine by J. R. Sutton, G. Coates, and C. S. Houston, 144
  Knee Ligaments by Dale Daniel, Wayne Akeson, and John O'Connor, 280
  Magnetic Resonance Imaging in Orthopaedics & Sports Medicine by David W. Stoller, 281
  MRI of the Shoulder, by Michael B. Zlatkin, 203
  Occupational Musculoskeletal Disorders by Nortin M. Hadler, 280
  Shoulder Injuries in Sports by Phillip J. Marone, 202
  Techniques in Therapeutic Arthroscopy edited by J. Serge Parisien, 205
  Traumatologie du sport, 2ième ed. by R. Danowski and J. C. Chanussot, 69
  Women and Exercise: Physiology and Sports Medicine, Second Edition by Mona Shangold and Gabe Mirkin, 202
Boosting, intentional induction of autonomic dysreflexia and, 1
Bracing, as conservative treatment of anterior cruciate ligament injury, 228
Breast milk, aerobic exercise and, 200
Bronchoconstriction, exercise-induced, 55
Bulimia, stress fracture in female athlete with amenorrhea and, 136

Cachexia, cancer, physical fitness and, 219
Canadian Academy of Sport Medicine News, 70, 145, 212, 282
Cardiorespiratory fitness
  physical activity and, relation with myocardial infarction, 279
  physical fitness of cancer patients and, 219
Catecholamines, intentional induction of autonomic dysreflexia and, 1
Causation, in sports injury, 166, 171, 276
Cervical spine, neck segment loading in dummy model and, 113
Cheerleading, 75
Chondromalacia patella, imaging studies in, 11
Chronic compartment syndrome, electrodiagnostic studies in, 219
Collision, neck segment loading in dummy model and, 113
Compressive forces, knee joint, as limiting factor of anterior tibial translation, 233
Compulsive athlete, eating disorder and, 39
Computerized tomographic arthrography, chondromalacia patella and, 11
Concentric loading, of knee extensors, 257
Confounding, in sport injury, 166, 171
Corticosteroids, injection of, in knee and shoulder, 155
Cortisol, as indicator of exercise training stress, 160
Cruciate ligament
  anterior
    compressive forces as limiting factor of tibial translation and, 233
    conservative treatment for injuries of, 228
    intercondylar notch size and, 66
    magnetic resonance imaging of, 187
  posterior, anatomy and length patterns during knee flexion, 125
Cycling
  bicycle helmet in prevention of pediatric head injury and, 199
  coronal plane knee motion during, 120
  off-road, traumatic injuries in, 240
  urinary free cortisol and, 160

Decompression, subacromial, arthroscopic, in chronic shoulder impingement syndrome, 65
Deproteinized hemodialysate, Achilles paratendinitis and, 92
Diet, aging and, 262
Dietary supplements. *See* Nutritional supplementation
Dysreflexia, autonomic, intentional induction of, 1

Eating disorder, compulsive athlete and, 39
Education, medical, as focus for Sport Medicine Journal Club, 140
Elbow, epicondylitis at, 88, 277
Electrodiagnosis, in chronic compartment syndrome, 219
Electromyography, blood lactate accumulation relationship to, 31
Epicondylitis
  at elbow, 88
  lateral, at elbow, 277
Ergometry, wheelchair, 14
Etiology, in sports injury, 166, 171
Evidence-based medicine, 198

Exercise
anaphylaxis due to, 55
compulsive, eating disorder and, 39
intentional induction of autonomic dysreflexia and, 1
for low back pain, 142
maternal, fetal growth and, 68
nutritional supplementation and, in geriatrics, 278
progressive, electromyographic activity and blood lactate accumulation during, 31
Extensor hallucis longus tendon, avulsion of, 133

Fetus, maternal exercise and, 68
Food supplements. *See* Nutritional supplementation
Foot drop, trauma-induced peroneal nerve palsy and, 47
Football, complete isolated axillary nerve palsy and, 272
Fracture
avulsion, knee, 59
Segond's, 59
stress, amenorrhea and, 136

Geriatrics, exercise training and nutritional supplementation in, 278
Gymnastics, posture, mobility, and back problems in, 67

Head injury, pediatric, bicycle helmet in prevention of, 199
Hemodialysate, deproteinized, Achilles paratendinitis and, 92
Histopathology, magnetic resonance imaging of partially torn anterior cruciate ligament and, 187

Ice hockey
emergency department data of injuries from, 25
neck segment loading in dummy model and, 113
Interaction, in sport injury, 166, 171
Intercondylar notch, size of, anterior cruciate ligament injuries and, 66
Isokinetic loading, of knee extensors, 257

Joint, corticosteroid injection in, 155
Jumper's knee, 77

Kin-Com isokinetic dynamometer, 108
Kinematics, coronal plane knee motion during cycling and, 120
Kinetic Communicator isokinetic dynamometer, 108
Knee. *See also* Cruciate ligament
anatomy and length patterns of posterior cruciate ligament during flexion and extension of, 125
anterior pain in, adolescents and, 176
arthroscopic division of symptomatic synovial plica of, 141
corticosteroid injection in, 155
exercise programs for, compressive forces and, 233
flexor and extensor torque measurements of, 108
isokinetic concentric and eccentric loading of, 257
medial tibial avulsion fracture of, 59
nonoperative treatment of MRI-documented meniscal tears in, 182
trauma-induced peroneal nerve palsy and, 47

Laceration, tissue adhesive for repair of, 245
Lactate, blood, during incremental exercise, 31
Lactation, aerobic exercise and, 200
Latissimus dorsi, partial tear of, 268
Letters to the Editor
Categorization of Exercise-induced Physical Allergies, 207
Nerve Injury and Entrapment in Athletes: An Incomplete Picture, 208
Tarsal Tunnel Syndrome in Dancers, 210
Lidocaine, corticosteroid injection and, 155
Ligament, cruciate. *See* Cruciate ligament
Lung cancer, small cell, physical fitness of patients with, 219

Magnetic resonance imaging
chondromalacia patella and, 11
in nonoperative treatment of meniscal tears, 182
in partial tear of latissimus dorsi, 268
in partially torn anterior cruciate ligament, 187
Martial arts, avulsion of extensor hallucis longus tendon and, 133
Medical education, as focus for Sport Medicine Journal Club, 140
Meniscus, noperative treatment of MRI-documented tears in, 182
Mobility, gymnastics and, 67
Mountain biking, traumatic injuries in, 240
Muscle
delayed-onset soreness of, stretching and, 83
strength of, physical fitness of patients with small cell lung cancer and, 219
thigh, in preadolescent girl, 108
Myocardial infarction, relation of physical activity and cardiorespiratory fitness with, 279

Naloxone, in exercise-induced anaphylaxis, 55
National Center for Catastrophic Sports Injury Research, on cheerleading, 75
Neck, cervical compression and, 113
Neer anterior acromioplasty, arthroscopic subacromial decompression versus, chronic shoulder impingement syndrome and, 65
Nerve palsy
football and, 272
peroneal, trauma-induced, 47
Nutritional supplementation, 151
exercise training and, in geriatrics, 277

Ontario Ministry of Health Emergency Patient Information System, ice hockey injuries and, 25
Overuse injury
to Achilles tendon, 100
anterior knee pain in adolescents and, 176

Pain, low back, exercise therapy for, 142
Paratendinitis, Achilles, deproteinized hemodialysate and, 92
Patella
jumper's knee and, 77
tendinitis and, 77
Pediatrics, head injury in, bicycle helmet in prevention of, 199
Perfectionism, compulsive excercise and, 39
Physical activity, cardiorespiratory fitness and, relation with myocardial fitness, 279
Pitching, partial tear of latissimus dorsi and, 268
Plica, synovial, of knee, arthroscopy in, 141
Posture, gymnastics and, 67
Preadolescent, thigh muscle strength in, 108
Progressive exercise, electromyographic activity and blood lactate accumulation during, 31

Quadriplegia, intentional induction of autonomic dysreflexia and, 1

Rehabilitation, as conservative treatment of anterior cruciate ligament injury, 228
Risk factors, in sports injury, 166, 171
Rugby, first-grade, survey of injuries in, 249
Running
isokinetic concentric and eccentric knee flexion-extension torque and ratios and, 257
stair climbing versus run training for, 143

Segond's fracture, 59
Shoulder, corticosteroid injection in, 155
Shoulder impingement syndrome, Neer anterior acromioplasty versus arthroscopic subacromial decompression in, 65
Small cell lung cancer, physical fitness of patients with, 219

Spinal cord
  autonomic dysreflexia and injury to, 1
  cervical, trauma to, 113
Sport Medicine Journal Club, 64, 140, 198, 277
Sprint test, wheelchair, 14
Stair climbing, running performance and, 143
Stress fracture, amenorrhea and, 136
Stretching, delayed-onset muscle soreness and, 83
Synovial plica, of knee, arthroscopy in, 141

Tendinitis, patellar, 77
Tendon
  Achilles
    deproteinized hemodialysate in paratendinitis of, 92
    surgical treatment of overuse injuries to, 100
  extensor hallucis longus, avulsion of, 133
  patellar, jumpers' knee and, 77
Tennis elbow, 88
Testosterone, serum, as indicator of exercise training stress, 160
Thigh muscle, in preadolescent girl, 108
Thrombosis, axillary vein, conservative management of, 192
Throwing, partial tear of latissimus dorsi and, 268
Tibial tendon transfer, posterior, for knee trauma-induced peroneal nerve palsy, 47
Tissue adhesive, in laceration repair during sporting events, 245
Torque ratio, in isokinetic concentric and eccentric knee loading, 257
Training stress, urinary free cortisol as indicator of, 160

Urinary free cortisol, as indicator of exercise training stress, 160

Valgus wedge, coronal plane knee motion during cycling and, 120
Varus wedge, coronal plane knee motion during cycling and, 120
Vasopressin, compulsive athlete and, 39
Video Review, 206
Vitamins, abuse of, 151

Wheelchair, propulsion of, peak power production in, 14
